	Matthew Duffy	Low-Poly Heart No.3	Aluminum Diamondplate	5' x 5' x 2.5'		\$9,000.00	2016	Using an advanced algorithm, an arch-typical heart shape was reduced to 100 triangular planes. Each plane was "off-set", to make open, cut on a water-jet CNC machine, & welded together to give an energetic/angular Low-Poly aesthetic. The medium is aluminum diamond plate, an industrial material.	
	Matthew Duffy	Low-Poly Open Heart (RIDE)	Hydro-Cut Welded Aluminum Diamondplate, Tractor Paint	5' x 5' x 2.5'		\$18,000.00	2017	An easily-recognizable heart form, with an interesting geometry, and play between front/back, interior/exterior; the industrial nature of the aluminum diamondplate is balanced by the warm red of the interior. The low-polygon form was developed with an advanced algorithm and cut with a water cannon.
