F. RESOLUTION NO. 19-47 FUNDING FROM SPOKANE TEACHERS CREDIT UNION (STCU) FOR UTILITY CABINET ART WRAP PROJECT

Grants and Performance Management Administrator Linda Heiss reported that STCU has offered \$7,500 per year for three years, which will fully fund this project. She provided a presentation with a timeline demonstrating that the project will be accomplished in three phases and showed photos of the cabinets to be wrapped during Phase 1 and their locations, along with images of the historic photographs that have been chosen. The Arts Commission and Historic Preservation Commission have identified the cabinets to be wrapped and the historic photographs that will be used, in consultation with Bonner County Historical Society and adjacent business owners. The Arts Commission is reviewing the Call for Art that will be published for the purpose of soliciting art submissions for those boxes that will be wrapped with artwork in Phases 2 and 3. Recommendations will be presented to Council for final approval. The wrap vendor who has provided the lowest cost quote for this work is from Coeur d'Alene. They are familiar with the graffiti-proof material to be used, having completed similar wraps for the City of Coeur d'Alene, also sponsored by STCU.

Councilwoman Williamson thanked staff and Arts Commission Chair Elle Susnis for their work on this project.

Ms. Heiss replied to **Councilman Aitken** that it is her understanding that the STCU logo will be fairly small. STCU has asked to participate in the production of the wraps as pertains to placement of their logo.

Infrastructure and Development Services Division Manager Amanda Wilson replied to **Councilman Aitken** that, in consultation with Planning and Community Development Director Aaron Qualls, it has been determined that, due to the anticipated small size of the logo and the fact that it is identifying the benefactor of this public art project, there is no conflict with the City's Sign Code for this type of off-site advertising. She also mentioned that proposed Sign Code amendments are on the horizon.

Councilman Eddy and **Councilwoman Ruehle** expressed their appreciation to the Arts Commission and Historic Preservation Commission for their work on this project.

Councilman Eddy moved for approval of the proposed Resolution, FUNDING FROM SPOKANE TEACHERS CREDIT UNION (STCU) FOR UTILITY CABINET ART WRAP PROJECT. **Councilwoman Ruehle seconded the motion.**

I. FIRE SERVICES UPDATE

Fire Chief Ron Stocking reported that the Selkirk Fire Joint Powers Agreement (JPA) between the City of Sandpoint, Sagle Fire District, and Westside Fire District has been in place since January 2015. Staff has been researching the possibility of realizing cost savings and enhancing the JPA with additional community partners and opportunities to further regionalize fire services, with the plan to incorporate Selkirk Fire. At this time, it is not possible to proceed, as one of the partner agencies has a SFRE grant, which provides substantial funding for firefighting personnel, and the provisions of this grant do not allow for JPA incorporation. He anticipates that this plan is now on hold for a couple of years. In the meantime, the JPA is fully funded for the next year, and staff will continue to look for other regional opportunities.
