Subject: RE: ADDENDUM No. 1 RFQ # IBPP-19-0009 - City of Sandpoint (1 1/2 Ton Pick-up Truck)
Attachments: IBPP-19-0009 - RFQ Document v5 (Addendum 1).pdf
Importance: High

Hello again,

A question has been raised about the fuel tank capacity and this has been reviewed with the requisitioning department.

While the specification in the City's RFQ document indicates a fuel tank capacity of 26 Gallon Minimum, by issuance of this email to known bidders and by posting this notice on the City's website, the City is hereby notifying all Bidders that the fuel tank capacity of "26 Gallon Minimum" is struck from the RFQ and that the City has replaced this requirement with a range for the fuel tank capacity to be as follows: "[20 Gallons to 34 Gallons](#)".

The City will consider this email as a notification of Addendum No. 2 and does not intend to revise the RFQ document again. The City will consider this it as a minor irregularity if respondents do not acknowledge this Addendum #2 in their RFQ response pages, But the City will require a vehicle with a fuel tank within the new specified range of "[20 Gallons to 34 Gallons](#)".

Thank you.

Greetings,

Please be advised of the revisions to this RFQ document as noted in the attached Addendum No. 1 (i.e., revised RFQ document).

Please also be advised in order for your response to be considered, you will need to respond on the pages of the new attached revised RFQ document.

Thank you.

Subject: Request For Quote # IBPP-19-0009 - City of Sandpoint (1 1/2 Ton Pick-up Truck)
Importance: High

Greetings,

You are receiving this email because you are listed on the City of Sandpoint's solicitation list for this RFQ (Request For Quotation).

This RFQ will also be posted to the City's website at: <https://www.sandpointidaho.gov/doing-business/bids-and-rfps>.

The City is interested in purchasing one (1) ½ Ton Pick-Up Truck and is asking that you please submit a response to this RFQ by the submittal deadline - please see the attached solicitation document – RFQ No. IBPP-19-0009.

Since the total expected expenditure for this vehicle is expected to be less than \$50,000, therefore, Idaho State Law does not require the City to solicit bids -- Idaho Code 67-2803(1).

However, the City has decided to issue this RFQ for the purchase of one, (1), **New 2019 Light Duty SuperCab Pickup Truck**, all as further detailed in the Specifications in Exhibit and is asking vendors to submit their responses by the response deadline.

Thank you for your participation.
